## BYU Freedom Shrine Rededicated

The Freedom Shrine at Brigham Young University was rededicated on November 8, 2007 at the Wilkinson Center.

Brigadier General, Keith Lee Thurgood, commanding general of the Army and Air Force Exchange at BYU, attended the event, and the rededication prayer was given by BYU's chaplain.

The Freedom Shrine originally hung in the Wilkinson Center, but was taken down when the building was remodeled. The Freedom Shrine has now been updated and hangs across from the ballroom.

## Proudly We Hail

On November 1, 2007 we presented the Proudly We Hail award to Sid Headman and his wife Betty.

Sid was one of the 11 marines who came through the battle at Iowa Jima unscathed. As a marine, he was responsible to properly display and care for the flag during battle.

Sid and Betty proudly and correctly display the United States flag and the Marine Corp flag in front of their home.

Thanks, Sid and Betty, for your wonderful example of patriotism!
