## Healing Field

The votes are in...we're doing a Healing Field this September. The Healing Field is a project that enables us to place a flag in a large field for each person who passed away on September 11<sup>th</sup>. It gives the community a chance to walk around, see the names, and use the time to heal from the tragedy of the events of that day. We will be placing over 3200 flags and selling them for around \$25 each. All proceeds will then be used for charity work and donations. This is a huge undertaking that will require the involvement of each Exchangite member. More details we come over the next couple of months.

## Upcoming Event
